

EXECUTIVE LEGISLATIVE

AGENDA
CY 2022-2025

MESSAGE FROM THE GOVERNOR

My sincerest appreciation to both our executive and legislative departments, for yet another milestone achieved after weeks of brainstorming and working together to craft a sustainable development framework upon which our pursuit to serve the Province shall find meaning and purpose.

Our Executive-Legislative Agenda (ELA) for the Term 2022-2025 stands today as tangible proof of the harmonized and shared plans of both the executive and legislative departments that are well-suited to our intended development direction in the next three (3) years.

The consensus-building conducted prior to the finalization of our ELA provided us that opportunity to reach a mutually acceptable ground for our diverse aspirations for the Province. Since our ELA streamlines a full-term package of development goals, objectives, and strategies that are hoped to stimulate the economic and social growth of our Province in the next three (3) years, the joint consent of both departments was a critical element to ensuring that every action plan of the Provincial Government is well anchored on a mutually agreed decision of our executives and policymakers. Thus, the beauty of mutual understanding of both departments finds its way to every detail of this document.

Today, as a clear manifestation of our social contract with the Davaonon people, I am proud to officially present to you our priority thrusts and platform of governance in my second term of office, which are fully supported by our legislative department.

However, the success of our ELA for the term 2022-2025 can only be determined by our resolve to take action over our words. Thus, I call on the full support of all stakeholders of this important endeavor to rally behind our commitment. Whatever success gained from our ELA would be a reflection that our solidarity and working synergy are working within our midst as we reach the fulfillment of our shared vision for the Province. After all, we are *One DavNor, One People. Together, We are One!*

A handwritten signature in black ink, appearing to read 'Edwin I. Jubahib', written over a white background.

HON. EDWIN I. JUBAHIB
 Governor
 Province of Davao del Norte

MESSAGE FROM THE VICE-GOVERNOR

As a local government unit, we are mandated to develop a planning document that is mutually developed and agreed upon by both the executive and legislative departments of the LGU. This is pursuant to Section 106 of the Republic Act No. 7160, otherwise known as the Local Government Code of 1991.

I, for one, believe that an essential component of the local government unit's orderly success and sustained development is the alignment of the legislative and executive branches.

Through the Executive-Legislative Agenda (ELA), we can ensure a unified plan in serving the people of Davao del Norte, as we outline the top priorities, programs, initiatives, activities, policies, and implementation strategies.

I deem this matter paramount as we do our mandate as public servants. For me, crafting a multi-dimensional and comprehensive plan is vital, for us to know the direction outlined by the executive and legislative departments—for the benefit of our province in the coming three years.

With the recent success of our ELA Consensus-Building and Finalization, I trust that all of us here in the Capitol will do our best to serve our purpose of efficiently serving our people.

As it is, cooperation among the LGU's functionaries is a frequent characteristic of well-planned LGUs, a feature that is essential to successful administration.

As such, I believe that UNITY and COLLABORATION are keys to achieving more victories and accomplishments that will benefit our people. That's why we should always promote stronger and efficient ties between our departments and offices here in the province, which, in extension, promotes the welfare of our people here in DavNor.

All we need now is to “walk the talk” and realize what we have planned. Likewise, the challenge now is staying true to our plans and collective efforts as public and civil servants. We may disagree in the process, but let us stay true to the promise we have made to the people of DavNor.

On behalf of the 9th Sangguniang Panlalawigan ng Davao del Norte, I trust that our synergy and alliance will bear witness to the fulfillment of our people’s dreams. May God bless us all!

HON. DE CARLO L. UY, MBA
 Vice Governor
 Province of Davao del Norte

History

The original mother Province of Davao was divided into three (3) provinces, namely: Davao del Norte, Davao del Sur, and Davao Oriental by virtue of the bill authored by then Congressman, Hon. Lorenzo S. Sarmiento, Sr., which was passed into law and became known as the R.A 4867 dated May 8, 1967. The three provinces simultaneously celebrate their anniversary every 1st of July.

When Davao del Norte was created, it was composed of thirteen (13) municipalities, namely: Asuncion, Babak, Compostela, Kapalong, Mabini, Mawab, Monkayo, Nabunturan, Panabo, Pantukan, Samal, Sto. Tomas, and Tagum. Six (6) additional municipalities were created as of May 6, 1970. These were Carmen, Kaputian, Maco, Montevista, New Bataan and New Corella. As of 1996, the province had a total of twenty-two (22) municipalities with the creation of San Vicente (now Laak) in 1979, Maragusan in 1988, and Talaingod in 1990. On June 17, 1972, Davao Province was renamed to Davao del Norte by virtue of Republic Act No. 6430.

On January 30, 1998, President Fidel V. Ramos signed Republic Act No. 8470 creating the Province of Compostela Valley out of Davao Province, which was renamed back to Davao del Norte. Other historical events that transpired in Davao del Norte together with the creation of Compostela Valley were the enactment of Republic Act No. 8471, creating the Island Garden City of Samal comprising the former municipalities of Babak, Samal and Kaputian; Republic Act No. 8472 converting Tagum municipality into Tagum City which is the seat of the Provincial Government of Davao del Norte Province; Republic Act No. 8473 creating the municipality of Braulio E. Dujali; Republic Act No. 1015 converting the Panabno municipality into Panabo City; and Republic Act No. 9265 creating the municipality of San Isidro. With this, the province has a political composition of eight municipalities and three cities.

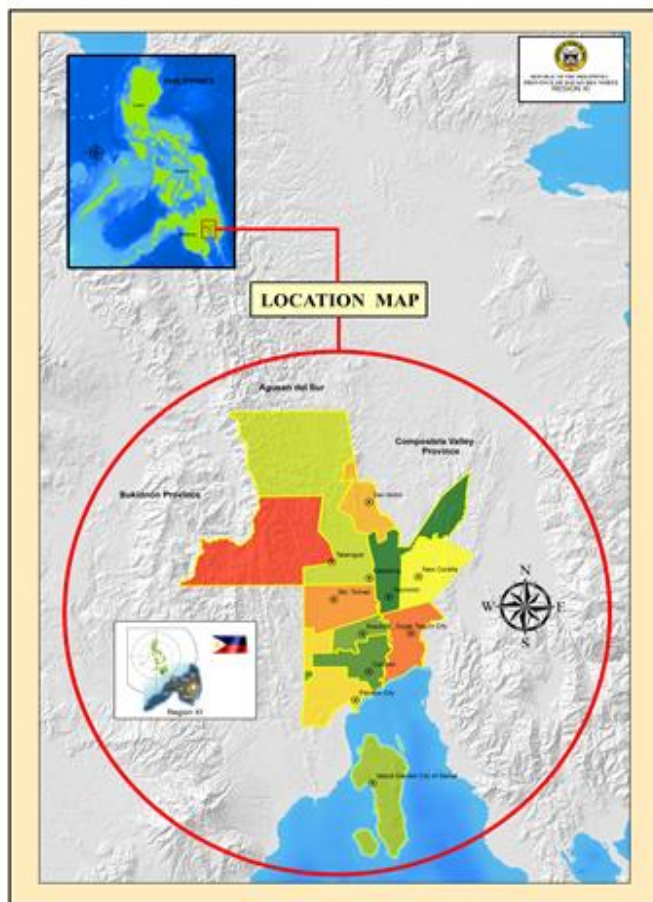

The Provincial Government of Davao del Norte was led by the following Local Chief Executive (LCEs):

- Hon. Verulo C. Boiser - July 1, 1967 to July 7, 1977
- Hon. Gregorio R. Dujali - July 7, 1977 to March 31, 1986
- Hon. Prospero S. Amatong - April 4, 1986 to March 30, 1998
- Hon. Rodolfo P. del Rosario - July 1, 1998 to June 30 2004
- Hon. Gelacio P. Gementiza - July 1, 2007 to June 30, 2016
- Hon. Antonio Rafael G. del Rosario - July 1, 2004 to June 30, 2007
- Hon. Antonio Rafael G. del Rosario - July 1, 2016 to June 30, 2019

Incumbent:

Hon. Edwin I. Jubahib - July 1, 2019 to Present

Geo-Physical Environment

Davao del Norte is strategically located at the southeastern part of Davao Region, in the island of Mindanao. It is bounded by Agusan del Sur on the north, Bukidnon and Davao City on the West. Davao Gulf on the south and Compostela Valley on the east. It has a total land area of 3,422.61 square kilometers, which is 18.3% of the total land area of Davao Region. Around 55% of the land area is classified as Alienable and Disposable and 44.4% is classified as forestland.

The province generally has a low land terrain comprising 37% of the total land area with less than 100 meters elevation. The highest elevation ranging from 1000 to 2000 meters only comprised 3% of the total land area, found in the municipalities of Kapalong and Talaingod.

Fifteen (15) rivers and creeks traverse the province. The bigger rivers such as Tagum/Libuganon, Saug, Tuganay, and Lasang drain into the Davao Gulf. These major rivers are part of several watersheds. For instance, the Tagum/Libuganon River with a total length of 95 kilometers is the longest among the major rivers in the province and has a total watershed area of 247,500 hectares.

The province has a Type IV climate that is characterized by unpronounced dry and wet seasons. Rainfall is more or less evenly distributed throughout the year. The fairly pronounced rainy months in the province are from November through February. Over the years, the province has experienced typhoons that have brought damage to infrastructures and agriculture.

Davao del Norte is also endowed with rich deposits of non-metallic minerals like guano, marble, limestone and others. It has an estimated total reserve of 44,845,283 metric tons of non-metallic minerals. The province also has an abundant source of high-grade quality sand and gravel, a major component material in construction, and is the second largest producer of sand and gravel in Davao Region.

According to the Census of Population and Housing in May 2020 conducted by the Philippine Statistics Authority, the population of Davao del Norte rose to 1,125,057. Its population density of 329 persons per square kilometer is the highest in Region XI. The population growth rate (PGR) of 2.16 percent (2015-2020 intercensal years) is the fastest among all of the five provinces in the region. The province is a melting pot of people originating from various ethnic groups who migrated to Davao del Norte to seek better economic opportunities.

The economy of the province is primarily agricultural-based. Vast tracts of land are devoted to agricultural production of staple and industrial crops. About 63.41% of the total income generated by the province comes from agricultural production, while 22.98% is contributed by the industries sector followed by the 5.86% from the services sector. In terms of contributions to the income of the province from the agriculture sector, cavendish banana contributed the most among the major crops. This is followed by coconut production and rice.

The tourism industry in the province is classified as sun and beach tourism, diving and marine sports tourism, education tourism, agri-tourism, sports tourism, MICE and events tourism, cultural tourism and ecotourism. There are three identified major areas of destination in the province, namely: a) the Island Garden City of Samal with its white sand beaches, diving sites and water sports b) the vast banana plantations in the mainland, and c) a highland journey in nature and culture to include waterfalls, rivers, springs, lakes at the municipalities of Kapalong, New Corella, Asuncion, San Isidro, and the Ata-Manobo Cultural Village in the highland municipality of Talaingod.

Being referred to as a leading province, Davao del Norte keeps abreast with recent developments to provide better service to its people. Moreover, being situated at the crossroads of neighboring provinces, Davao del Norte plays a key role in varied development endeavors that are taking place in Davao Region.

Administrative Composition

The province of Davao del Norte is divided into two districts. This covers three major cities and eight municipalities with 223 barangays in total.

District I

Tagum City
23 barangays

Talaingod
3 barangays

Asuncion
20 barangays

**EXECUTIVE
LEGISLATIVE
AGENDA
CY 2022-2025**

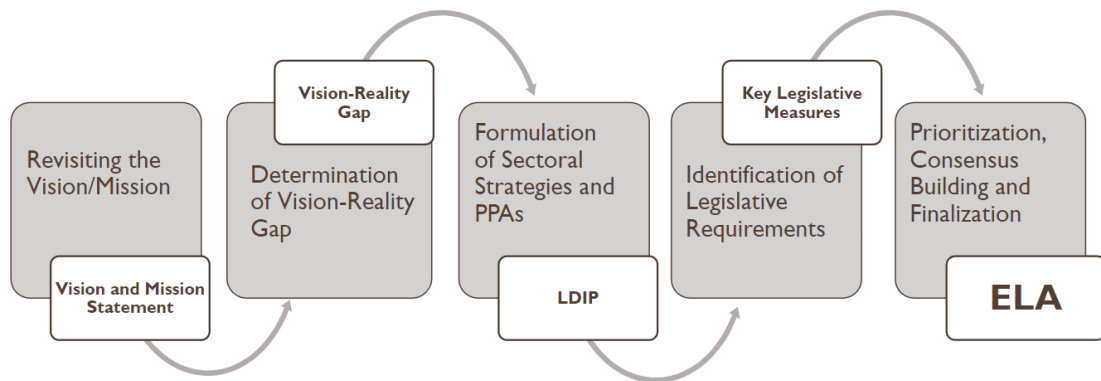

Introduction

The passage of the Local Government Code of 1991 or the Republic Act 7160 devolved certain powers and authority to local government units, that gave political, administrative, and fiscal autonomy.

One of the several development plans of the local government is the Executive Legislative Agenda (ELA). The formulation of ELA is conducted every three years. It is a collaborative document between the local chief executive and its departments, and the city/municipal/provincial legislative councils.

The Executive Legislative Agenda of the Province of Davao del Norte will cover the years 2022-2025. It is a term-based plan that articulates the government programs of the executive and legislative departments of the province.

THE ELA PLANNING PROCESS

Vision and Mission Statement

VISION

Davao del Norte a Leading, Innovative and Competitive Province with Empowered, Resilient, and God-centered People.

MISSION

We Commit Ourselves to Uplift The Quality of Life For All Dabawnons by:

- Championing excellence in governance and administration towards operational peace
- Providing globally competitive products and services with local market advantage
- Adopting science-based policies and technologies in environmental protection, climate-smart agriculture, disaster-risk management, infrastructure development and social needs
- Promoting international tourism while preserving and protecting the environment and cultural heritage
- Sustaining business-friendly environment for rural and urban development
- Developing skilled and certified workforce to participate in knowledge economy and global arena
- Strengthening people’s collaboration in all level of governance

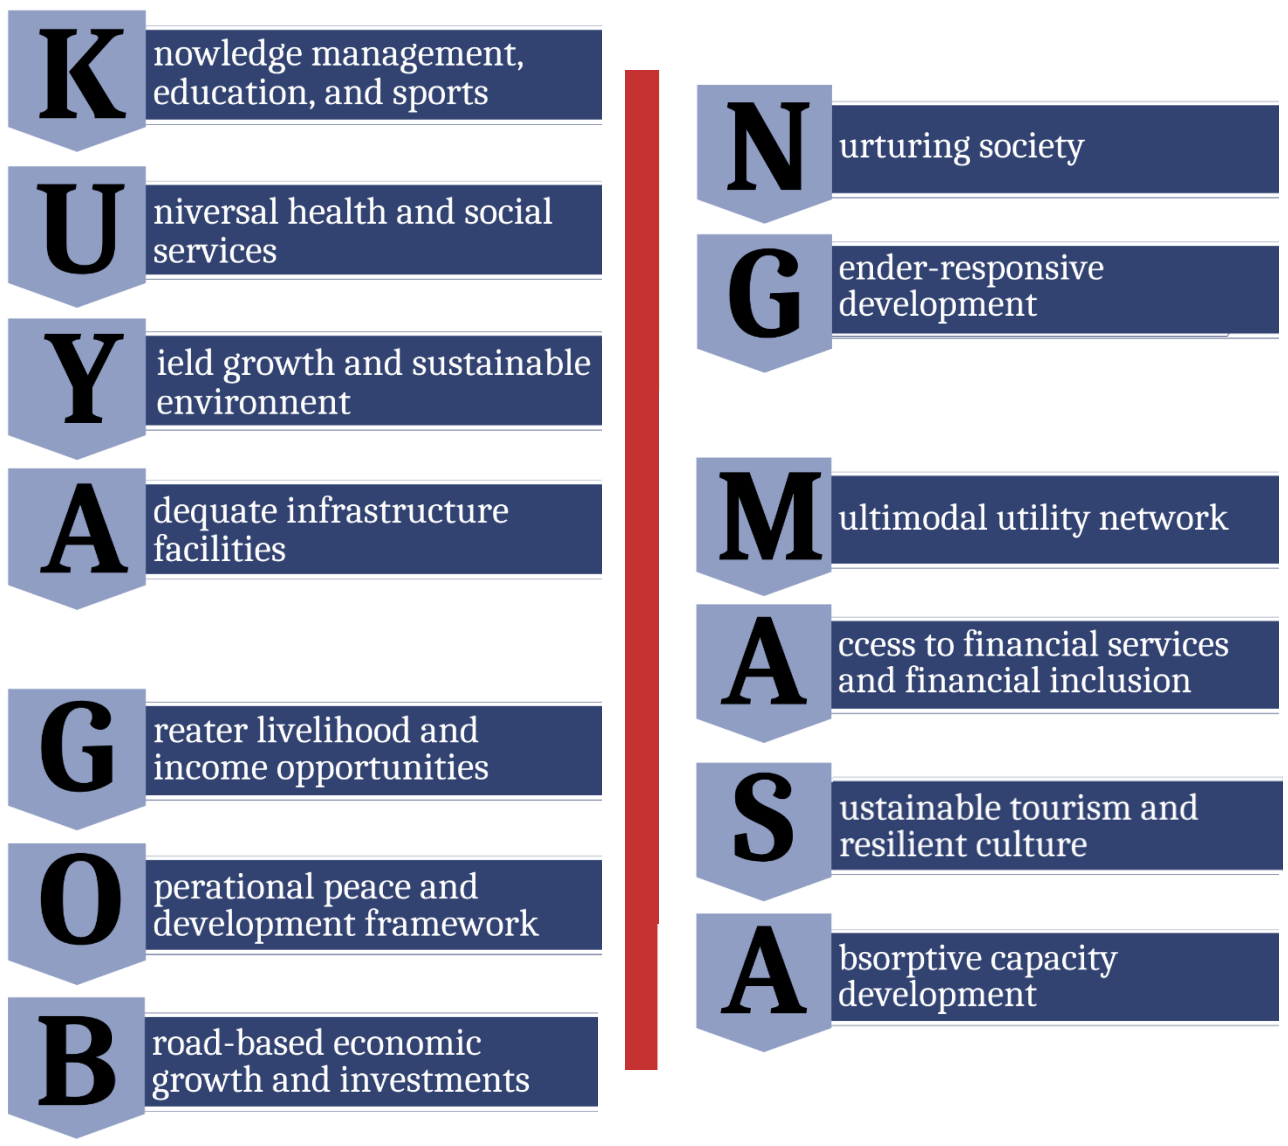

THUS, ENSURING SUSTAINABLE DEVELOPMENT.

The Executive Agenda

“Expanding the Pro-change and Pro-poor Government in the backdrop of Decentralization, Devolution, and Post-pandemic Recovery”

Intent on pursuing public service with a heart, our brand of transformative leadership requires us to put good governance at the top to arch over our KUYA GOB NG MASA Development Agenda. It serves as the umbrella strategy that will unite the individual components of the agenda into cohesive forces that are important in reaching our Vision, Mission, and Goals.

The K.U.Y.A. G.O.B. N.G. M.A.S.A Development Agenda shows the resolve of our dynamic Governor Edwin I. Jubahib in delivering quality basic services, increasing investment in human development, generating more jobs in a diversified economy, and ensuring rapid inclusive growth that will particularly benefit the lost, least, and last in our society.

This strategy takes into account the critical role of the Provincial Government of Davao del Norte in boosting the national government’s commitment to the attainment of the Sustainable Development Goals by 2030 in this part of the world. Aside from ensuring that the strategies, policies, programs and projects of the Province, the Jubahib leadership further mainstreamed the Sustainable Development Goals (SDGs) into the planning documents or sustainable development policies of the Province. The 17 SDGs were adopted by all the UN Member States in 2015, as part of the 2030 Agenda for Sustainable Development. Being aware of the challenges that directly concern and impact our local communities, including those related to poverty, inequality, climate change, environmental degradation, peace and justice, the Province resolves to put its best foot forward to contribute in achieving the SDGs.

The first component, Knowledge Management, Education and Sports speaks of the current administration’s resolve to invest on the future of our youth; intensify capacity development; build future sports champions and promote healthy lifestyle; as well as, institute better policies for interoperability and integration of the various information and communication technology (ICT) systems between and among the Capitol departments for better coordination and performance. This platform, which is under the Social Services Sector, connects with the SDG **“Goal 4: Ensure inclusive and equitable quality education and promote lifelong learning opportunities for all.”**

The Universal Health and Social Services component seeks to ensure that the Dabawnon people receive accessible and affordable quality health benefits, such as prevention, promotion, treatment, rehabilitation and palliation services of sufficient quality. This includes free hospitalization in the three Davao del Norte Hospitals, namely: the Kapalong Zone, Carmen Zone and Samal Zone. Other public services that shall be given priority include vital services intended to aid disadvantaged, distressed, or vulnerable persons or groups. This component,

which is also under the Social Services Sector, is directly related to the SDG **“Goal 3: Ensure healthy lives and promote well-being for all at all ages.”**

With Yield Growth in Agriculture and Environmental Sustainability, the Province gives high premium on attaining food security and increased economic opportunities for small farmers and fisherfolks, by facilitating access to value-chains, technology and financing, while asserting and defending their rights and welfare. Vast tracks of idle tribal lands shall also be planted with high-value crops to improve the living condition of the indigenous people and improve their contribution to economic growth. Disaster reduction and management and climate change adaptation efforts, reforestation, environmental management, and community engagement in our ecological programs and projects shall also be intensified.

In pushing Adequate Infrastructure and Facilities, the Province aims to vigorously build better climate-smart physical infrastructures and ensure the security and resilience of critical infrastructures that include the vast, interconnected network of systems, products, and services that our people depend on. These include facilities that provide food, roads, health care, emergency response, communications, and other basic services that are essential to the provincial economy and the quality of life of our people.

Through the Greater Livelihood and Income Opportunities, the Province shall provide economic development interventions that equip target sectors with the necessary knowledge, skills, and livelihood opportunities that enable them to provide for their families and build sustainable communities for the coming generation. Sustainable sources of income will enable families to support the most basic needs of their children.

Operational Peace and Development Framework employs the whole-of-nation approach in pursuing local peace engagements and interventions by harmonizing and prioritizing the delivery of basic government services, social development packages, and construction of essential infrastructures towards ushering inclusive development in conflict-affected and vulnerable communities. Carrying the banner of the General Public Services/Governance Sector, this component is linked up with **“Goal 16: Promote peaceful societies, accountable institutions, and access to justice for all.”**

With the Broad-Based Economic Growth and Investments component, the Province intends to encourage a pro-poor, broad-based inclusive growth that creates income opportunities needed to raise living standards and lift people out of poverty. It puts emphasis on policies that benefit in absolute terms the indigent communities, remove constraints to growth, and create a level playing field for investments. The agenda gives priority to better regulatory environments, business development, and access to finance, as well as greater focus on job-creating micro, small and medium-sized enterprises and community-based tourism. Included in the Economic Development Sector, this component is associated with **“Goal 8: Promote sustained, inclusive and sustainable economic growth, full and productive employment and decent work for all.”**

Nurturing society refers to building a safe, stable, and nurturing environment that is essential in helping every Dabawnon develop their unique gifts and reach their full potential. programs include special interventions for persons with disability (PWDs), the elderly, children in conflict with the law (CICL), former rebels, drug surrenderers, and offenders. Hence, reinforcing the province’s tag as a healing field, not a killing field.

Gender-responsive Development is aimed at strengthening accountability in mainstreaming gender and development that does not only advance policies and practices that promote equality between women and men, but also provide complete interventions and protection services to women, children, and the LGBTQ+ community.

Multi-modal Utility Network is improving utility services and interconnection between utility networks that include electricity, water, telecommunication and internet services, among others.

Another component, Access to Financial Services and Financial Inclusion emphasizes on the expansion of access to banking and credit, as well as making financial products and services accessible and affordable to micro, small & medium enterprises (MSMEs) and marginalized sectors, such as farmers, fisherfolks, informal sector, urban poor regardless of their personal net worth. We seek to encourage every Dabawnon to make full use of available financial services in improving their lives.

Sustainable tourism and resilient culture refer to developing attractions and eco-tourism destinations and increasing their benefits in alleviating poverty and stirring economic growth, while reducing the negative impact on tourism sites.

And finally, Absorptive Capacity Development refers to strengthening the ability of the Provincial Government and its Local Government Units to implement projects and investments in pursuing balanced, inclusive, sustainable development, and growth. The absorptive capacity of the Provincial Government and its component cities and municipalities need to be further reinforced to support the transition to the full devolution of public services as necessitated by the Mandanas ruling. Given this, there is a need to ensure that additional fiscal resources must lead to better delivery of services among the LGUs.

The Province of Davao del Norte committed itself to create local policies and programs that work toward helping address global challenges, such as eradicating poverty, reducing inequalities, and achieving environmental sustainability, among others. This is to ensure the important stake of the Province in helping boost the commitment of the national government to the attainment of the shared global vision towards sustainable development for all.

Development Goals, Objectives, and Strategies

The components of the Executive Agenda are subsumed according to the corresponding sectors of the local governance management tool for easier monitoring of the performance of respective offices tasked with implementing the different programs, plans and activities in addressing development gaps in the province. The sectors include General Public Services/Governance Sector, Social Services Sector, Economic Development Sector, and Environmental Management/ Disaster Risk Reduction and Mitigation Sector. Shown below are the objectives per sector.

A. General Public Services/Governance Sector

This includes the components Operational Peace and Development and Adequate Infrastructure and Facilities.

Goal: Excellent Local Governance

Objective: Efficient and Effective Local Governance

The Provincial Government of Davao del Norte continues to address multifarious issues and concerns that hamper its aim of fully attaining efficient and effective governance. Authorities are called to have uniform interpretation of policies, laws and regulations in effecting better delivery of services. Strong enforcement of policies and provincial ordinances entails imposition of sanctions, coupled with the commitment of the LGUs and concerned offices. The updating of development plans and functionality of the provincial development council facilitates development planning. There is a need for the Province to execute exceptional local revenue generation measures to unshackle the province from its high dependence on the internal revenue allotment (IRA). Government offers should also be attractive and processes must be simplified to boost the absorptive capacity of the Province and better facilitate implementation of important projects and activities. More appropriate learning and development interventions are essential in fully capacitating the human resource. An enabling policy for interoperability is required to attain integration of the Information and Communication Technology systems towards better coordination and performance between and among the various departments of the Province.

The participation of people and non-government organizations in local governance and the availability of feedback mechanisms to generate citizens' view on the reach of government services is essential in maintaining good governance. The effectiveness of financial management systems and functionality of the bids and awards committee coupled with the availability of public information, accessibility of public documents and publication of updated information about government programs and services boost transparency in governance. The Province is now bolstering interventions vital in combating criminalities and security threats.

B. Social Services Sector

This includes the components Knowledge Management, Education and Sports, as well as Universal Health and Social Services.

Goal: Ensure Healthy Lives and Well-being for all at all ages

Objective: Improved Access to Quality Healthcare, Key Social Services and Social Protection, Quality Education and Sports and Recreation Programs

The Provincial Government of Davao del Norte adopted an integrated and comprehensive approach to raise the health literacy of the Dabawnons. Improved well-being entails some capacity to obtain, process, and understand basic health information and services needed to make appropriate health decisions. Vital interventions are strengthened to protect our people from health risks, hazards, vulnerability and marginalization. Along with providing quality social services, the Province is also enhancing the capacity of the Dabawnons to protect themselves from social and economic threats. In addition to intensifying capacity development of its human resource and strengthening vital mechanisms to ensure quality education to youngsters, the Province continues its tradition of providing scholarships to enable the youth to succeed in technical and higher education. More interventions are also being pursued to improve the quality of life and build the competencies of adolescents to become successful adults, besides the thrust of building future sports champions, and promoting healthy lifestyle.

S O C I A L S E C T O R	S T R A T E G I E S

C. Economic Development Sector

This includes the components Yield Growth in Agriculture and Environmental Sustainability; Adequate Infrastructures and Facilities; Greater Livelihood and Income Opportunities; Access to Financial Services and Financial Inclusion; and, Broad-Based Economic Growth and Investments.

Goal: Increased Family Income and Economic Opportunities

Objectives:

- Reduced unemployment/underemployment through improved access to employment-related interventions
- Improved market access and connectivity
- Improved access to economic development
- Enhanced policies and program implementation to support disaster resilient infrastructure facilities and utilities
- Increased infrastructure support to broad-based economic growth
- Increased farm, poultry and livestock productivity

As agriculture remains the pillar of the provincial economy, the Province shall continue to give high premium to food security and increased economic opportunities for small farmers and fisherfolks through better access to value-chains, technology, and financing. Livestock and poultry production will also be given renewed focus as a very viable livelihood option to increase income of the farmers. Building climate-smart physical infrastructures and facilities is also high on the agenda to facilitate better access to essential health and social services, enhanced mobility of people and transport of products to the market, and improved connectivity of our resources and services to our peripheries.

The Province shall strengthen market-responsive, technical and vocational education, livelihood training, and skills development to enable our people to adequately provide for their families and build sustainable communities. While pushing for sustainable tourism development, the mechanisms for a sound business environment shall be further strengthened to sustain Davao del Norte’s prominence as the Most Competitive Province in the region.

E C O N O M I C S E C T O R	S T R A T E G I E S
	<ul style="list-style-type: none"> ● Improvement of irrigation facilities to enhance production ● Optimal utilization of idle land suited for agricultural production; ● Farm mechanization ● Expansion of provincial fish hatchery ● Promotion of balance fertilization and cost-effective technologies ● Farm consolidation and clustering to improve access on competitive market ● Institutionalize agriculture database system and result based M&E ● Adoption of sustainable tourism destination infrastructure program and PPP-based marketing strategy and plan ● Diversification of tourism products that engage local communities ● Safeguard natural and cultural heritage and vulnerable groups ● Institutionalization of employment facility in every LGU and Job Placement Office (JPO) in schools, colleges and universities ● Strengthening of workforce development interventions in livelihood, technical and life skills, business and social entrepreneurship ● Increase Public Infrastructure Development Investment ● Adoption of climate-smart and disaster resilient technologies in design and construction of infrastructure projects ● Strengthen MLGUs/ BLGUs/ People’s organization partnership in Infrastructure Development ● Improvement of Electricity and Communication Coverage
	M A J O R P R O G R A M S / P R O J E C T S
	<ul style="list-style-type: none"> ● Livestock Development Program ● Food Sufficiency Program ● Infrastructure Development Programs

D. Environmental Management Sector

This naturally includes the component Yield Growth in Agriculture and Sustainable Environment, and Nurturing Society.

Goal: Sustainable Environment and Risk Resilient Communities

Objectives:

- Reduced carbon dioxide emissions
- Improved mitigation of hazards
- Improved rehabilitation programs (Build Back Better)
- Adaptation of systems and policies
- Increased infrastructure support for disaster preparedness and response
- Improved systemic resilience

The Province is scaling up its efforts in environmental protection and preservation, as well as in managing its natural resources while pursuing towards sustainable development. Keeping the integrity of our forests and watershed areas is vital in improving the quality of life of our population, protecting the livelihood of upland communities, and raising the productivity of our industries. Interventions are also being implemented to make the Dabawnon communities inclusive, safe, and resilient.

The Legislative Agenda

Introductory Statement

The Sangguniang Panlalawigan (SP), the highest legislative body in the Province of Davao del Norte is primarily tasked to enact ordinances and adopt resolutions for the general welfare of the Province and its constituents. Its secondary core functions establish the legal framework and policy directions to productively or substantially steer the dynamics and the very essence of local governance. As constantly advocated by the Republic, the flagship thrust of good governance has been embedded in the principles of sound moral foundation in government service, transparency to scrap corruption of all forms, adherence to

established ethics of effective service delivery and wider peoples’ participation. These principles of local governance must be complemented with the outstanding local leadership of persons in charge of effecting and realizing the goals of the Province through vigorous mobilization of the Executive-Legislative Agenda (ELA), a considered mother of all development and investment plans of the Provincial Government by policy-makers and legislators.

The Legislative Agenda

As defined, a Legislative Agenda (LA) is a package of priority policies and legislative measures designed to support local development priorities, particularly those contained in the Executive Agenda (EA). It serves as a roadmap to guide the Sanggunian in the local legislative council in identifying, analyzing and formulating solutions to problems and issues requiring public policy action. As a list of prioritized ordinances and resolutions for enactment during a specified period, the LA can be used to focus the work of the legislative during its term of office, and to synchronize and converge legislative actions with EA priorities.

In its true sense, the participation of the Sangguniang Panlalawigan in ELA is an indispensable factor that provides a well-structured convergence among the planning initiatives, policy foundation processes and applicable legislative actions between the Executive and Legislative Departments. Through that set-up connecting the two working Departments, exceptional leadership would be prevailing since both government offices can acquire understanding and accurate insights of local problems and opportunities that can serve as baseline inputs to the actual foundation of policy, legislative and implementation actions.

The Legislative Agenda (LA) Components

The components of the Legislative Agenda are herein presented in a manner according to the five priority areas of legislation culled from Local Governance Performance Management System for easy identification and monitoring of legislative measures to be passed and enacted by members of the Sangguniang Panlalawigan. These components are classified in the areas of Social Services, Economic Development, Environmental Management, Development Administration and Governance.

Each component outlines the priority legislative measures that are proposed by the various standing committees based on the identified issues and concerns most prevailing in the locality.

SOCIAL SERVICES

- a. Promote community awareness towards crime prevention
- b. Provide logistical support to various law enforcement units
- c. Institutionalize incentive system for Peacekeepers in the barangay levels
- d. Provide financial assistance and livelihood opportunities for CTGs surrenderees
- e. Enjoin all local government units to standardize installation of surveillance cameras in all strategic areas of their jurisdiction
- f. Institutionalize welfare programs for women, children, senior citizens, and other vulnerable sectors of the society
- g. Establish health care access policies
- h. Ensure provision of basic shelter program and resolution of resettlement related issues and problems
- i. Strengthen disaster risk reduction management policies and protocols
- j. Institutionalize basic education programs and projects
- k. Ensure continuity of GAD mainstreaming programs, projects, and activities
- l. Institutionalize youth development programs
- m. Establish center for children with special needs

ECONOMIC DEVELOPMENT

- a. Promote culture-based tourism
- b. Strengthen agriculture and fisheries development programs
- c. Promote industrial, business, and enterprise development
- d. Adopt technology-driven processes
- e. Promote ease of doing business initiatives
- f. Increase investment opportunities on trade, commerce, and export

DEVELOPMENT ADMINISTRATION

- a. Enhance workforce management and development programs
- b. Adopt freedom of information initiatives
- c. Sustain inclusive and participatory development planning
- d. Development of regional and global partnership to enhance sustainable development
- e. Strengthen revenue collection programs

ENVIRONMENTAL MANAGEMENT

- a. Ensure sustainable of land and water resources
- b. Protect and conserve ecosystems
- c. Strengthen solid waste management systems
- d. Adopt and promote green designs and technologies
- e. Ensure protection of forests and watershed areas

GOVERNANCE

- a. Ensure accountability of all public conduct by officials and employees
- b. Adopt freedom of information initiatives
- c. Adopt and maintain e-governance
- d. Promote open, empowering and participatory governance

Legislative Strategies

In order to effectively operationalize the components of legislative agenda herein mentioned, the SP shall fully mobilize its Standing (Regular) Committees and be supported by Ad Hoc or Special Committees to conduct research and legwork as well as convening the legislative fora as follows:

- **COMMITTEE MEETINGS**
- **COMMITTEE HEARINGS**
- **PUBLIC HEARINGS/ CONSULTATIONS**
- **INQUIRY IN AID OF LEGISLATION**
- **INTER-DEPARTMENT/ LGU CONSULTATIONS**
- **CONDUCT OF BACKSTOPPING AND RESEARCH**
- **EXECUTIVE SESSIONS**

In its resolve to sustain the pursuit for community development and good quality of life for the Dabawnon People, the Sangguniang Panlalawigan, in the exercise of its legislative and oversight functions, shall consistently propose additional impact measures and coherent legislation in consultation or coordination with the Governor, as the need arises. This would not only mean supplemental programs, projects and activities for the Province but an enhanced pro-people agenda as well.

KEY LEGISLATIONS

- Enactment of appropriate ordinance/passage of a resolution requesting to authorize the Sangguniang Panlalawigan in obtaining/attaining an ISO certification for a more improved and effective Executive and Legislative Department
- Amendment of Org Structure (P.O. 2017-005)

Annex B. Success Indicators

ELEMENT/DESCRIPTOR: LEADING, INNOVATIVE, COMPETITIVE		
No.	SUCCESS INDICATOR	Office
1	Increased self-sufficiency of major commodities in 2024	PAGRO
2	Increased yield per hectare	PAGRO
3	Increased number of irrigated areas	PAGRO
4	Increase in production area	PAGRO
5	Decrease in postharvest losses	PAGRO
6	Increase in fingerlings supply	PAGRO
7	Reduced production cost	PAGRO
8	Increased livelihood intervention	PAGRO
9	Improved Medal Standing in Regional and National Meets	PSYDO
10	Enhanced Performance of Athletes	PSYDO
11	Better Health and Wellness Condition of public	PSYDO
12	Awarded as one of the top 10 most competitive provinces by 2021	PADO-DNIPC
13	Finalist in the Most business friendly Province	PADO-DNIPC
14	Increased new investment in 2021 by 5% of baseline (2.4B in 2016-2019)	PADO-DNIPC
15	Increased number of employment by 10% in 2021 from 29,727 in 2019.	PADO-DNIPC
16	Increased income of assisted micro-entrepreneurs by 10% in 2021 from 145,126 in 2019	PADO-DNIPC
17	SGLG compliant/passers	PADO-TOURISM
18	Increased road connectivity leading to tourism sites from 45.735 km. in 2018 to 84.610km (85%) in 2025	PADO-TOURISM
19	Increased 10% Tax Assessed Valuation of Real Property Units of Davao del Norte	PASSO
20	Increased by 5% in Local Revenue Collection from 272.74M in CY 202 to 286.37M in 2021	PTO
21	Reduced incidence of livestock and poultry disease of economic importance by 80% from 5 top priority diseases to only 1 disease case and preventing 4 diseases	PVO

ELEMENT/DESCRIPTOR: LEADING, INNOVATIVE, COMPETITIVE

No.	SUCCESS INDICATOR	Office
22	Limit livestock and poultry mortality rate to a maximum of 7% from 10% baseline with a reduction of 3% in mortality incurred	PVO
23	0% incidence of disease of public health importance like bird flu	PVO
24	95% of APP amount is procured through competitive bidding by 2025	PGSO
25	100% Safe, GAD-compliant, PWD-friendly Government Facilities	PGSO
26	100% of the projects aligned with the development agenda of the new administration sufficiently funded by the end of 2021	PBO
27	25% significant increase of government service efficiency (Procurement, Budgeting, Planning, Monitoring and Evaluation, Accounting and Human Resource Management) and reduction on time spent of transactions by the end of 2021	PADO-IT
28	100% of departments and offices are audited and fully compliant to Internal Audit recommendations	PADO-IAS
29	Province is ISO certified	PADO-IAS
30	Increased Tourist Arrivals by 10% yearly from 2016 Baseline Data (1.4M)	PADO-TOURISM
31	No adverse opinion/findings from COA	PACCO
32	Compliant with DILG's Disclosure Policy mandate	PACCO
33	100% of legislative measures, passed and approved (Including exercise of Review power over component LGUs within the prescribed timeline)	VGO/OSS
34	30% increase in income of assisted cooperative by the end of 2025	PADO-CIDD
35	Increase household audience reached	PICKMO
36	80% of Provincial Road section maintenance activities contracted out through CBRMC by 2025	PEO
37	Increase community participation in Local Road maintenance from ____ POs in 2019 to ____ POs in 2025	PEO
38	100% Provincial roads maintained in fair to good conditions	PEO
39	Increase in regular/wage placement rate by 10% in 2025 from the 2019 baseline of 36,193	PADO-EWDD
40	Increase in self-employment rate by 10% in 2025 from the baseline of 2,182 in CY2019	PADO-EWDD
41	At least 300 TVET graduates are skilled and certified by the end of 2025	PADO-EWDD
42	Overall: SGLG QUALIFIER	PROVINCE

ELEMENT/DESCRIPTOR: EMPOWERED

No.	SUCCESS INDICATOR	Office
1	100% of referred children in conflict with the law reintegrated into their families and communities and become socially functioning individual with perspective of life.	PPOC/PSWDO
2	Increased number of NPA surrenderers by 2% in CY 2021	PPOC
3	Increase access to legal aid and representation services by 60% in 2021	PPOC/PLO
4	Budget Allocation for Gender and Development (GAD) PPAs is 5% of the total budget of the Province	GAD
5	100% of the 23 Provincial Offices have their respective GAD Plan and Budget included in their CY 2021 operation.	GAD
6	100% of targeted beneficiaries of the vulnerable and disadvantaged sectors, their organizations, Dabaonon families and communities have adequate access to social protection and intervention program	PSWDO
7	100% of referred disadvantaged women able to handle difficult circumstances/ situation	PSWDO
8	Organized and Functional Local mechanism for Children	PSWDO
9	Improved access to Community-Based reformation program for surrendered drug personalities	PSWDO
10	Improved access to services for marginalized groups through policy development	PSWDO
11	100% or 12 LGUs institutionalized Local Health Board including the province	PHO
12	100% or 12 LGUs full compliance on the indicators of the Health Scorecard	PHO
13	Less than or equal to 28.8% prevalence of stunting among children under-five	PHO
14	Less than or equal to 5% prevalence of wasting among children under-five	PHO
15	Increased in HH with access to sanitation services from 89% in 2019 to 90% in 2021	PHO
16	Increased HH with access to safely managed drinking water sources from 86% in 2019 to 87% in 2021	PHO
17	Reduction of Maternal Mortality Rate from 105/100,000 livebirths in 2016 to 95/100,000 in 2023	PHO
18	Notified TB cases (all forms) increased by 32% from 2,445 cases in 2017 to 3,246 in 2021	PHO
19	increased number of established teen centers/adolescent friendly health facilities in the province from 15 in 2019 to 25 in 2021	PHO

ELEMENT/DESCRIPTOR: EMPOWERED

No.	SUCCESS INDICATOR	Office
20	Increased number of adolescents and youth served and counseled using the Psychological Risk Assessment Tool in the adolescent-friendly health facilities province-wide from 1,437 in 2020 to 2,500 by 2021	PHO
21	8 schools and/or communities provided by health information, advocacy campaign and symposiums	PHO
22	Covered 100% of low-income beneficiaries of the province under the philhealth sponsored program	PEEDO
23	Improved Access to Quality Healthcare	PEEDO
24	100% of LGUs (11) complying with SEPS data generation and updating every SEP Year	PPDO
25	Functional Local Development Council (mandated number of CSO members in LSBs maintained)	PPDO
26	Increased in tertiary graduates by 20% by the end of 2025 from the baseline of 20 in CY 2019	EWDD
27	Increased no. of literate IP-learners by 20% at the end of 2022 from 120 learners in 2020	EWDD
28	10 commodity-based organization strengthened by 2021	PAGRO
29	Increased participation in the youth development activities	PSYDO
30	Increase youth involvement/ participation from various youth sub-sectors	PSYDO
31	100% of the target beneficiaries from indigenous groups/community will attain quality of life through economic and political empowerment	PADO-SPPD
32	10% reduction in urban dysfunction brought about by homelessness from 2020 - 2025	SPPD
33	70% of the 922 plantilla employees shall have been provided with health care services.	PHRMO
34	70% of 8847 plantilla employees has a change in the competency level using the competency rubrics	PHRMO
35	Agency- accreditation Status maintained at Level-2 (process defined)	PHRMO
36	Increase in promotion of the rights and welfare of ICCs/lps	SPO

ELEMENT/DESCRIPTOR: RESILIENT

No.	SUCCESS INDICATOR	Office
1	100% or 12 Functional local epidemiology surveillance unit including the province	PHO
2	100% or 12 LGUs functional DRRM-H System including the province;	PHO
3	Mitigated the impact of storm surge/ tidal waves/ sea level rise in disaster prone coastal communities achieving "zero casualties and zero rescue"	PDRRMD
4	Lessened the impact of flooding to affected families and critical infrastructures in upstream and downstream areas and landslides in mountainous areas achieving "zero casualties and zero rescue"	PDRRMD
5	Improved community preparedness and awareness on DRR-CCA thru IEC, drills, trainings and other capacity development initiatives to all disaster-prone barangays by 2025	PDRRMD
6	Improved participation of Public and Private stakeholders in DRRM initiatives	PDRRMD
7	Improved risk assessment and contingency planning at the local level	PDRRMD
8	Increased compliance of eleven (11) LGUs with the national standards of DRRM implementation by 2025	PDRRMD
9	Increased asset protection of highly vulnerable population by 2025	PDRRMD
10	Proper disposal of the average 66 tons/year generated hazardous/healthcare wastes by 2025	PENRO
11	Rehabilitated eroded riverbanks or mangrove sites by 2025	PENRO
12	Increased agro-forestry areas by 0.54% of 322,989.36 has. of total land area of the province by 2025	PENRO
13	Increased closed forest by 0.17% of 322,989.36 has. of total land area of the province by 2025	PENRO
14	Proper disposal of the average 20,075 tons/year generated residual wastes by 2025	PENRO
15	Depletion of the River System reduced	PENRO
16	Provincewide GHG emission measured	PENRO
17	Reduction of dependence to power grid	PENRO
18	20 kms of Drainage canals/creeks rehabilitated/improved by year 2025	PEO
19	10 kms climate-resilient provincial roads constructed by year 2025	PEO
20	150 households access to potable water Improved by year 2025	PEO

ELEMENT/DESCRIPTOR: RESILIENT

PROVINCIAL GOVERNOR'S OFFICE

PDC RESOLUTION NO. 08, SERIES OF 2022

A RESOLUTION APPROVING AND ENDORSING THE EXECUTIVE-LEGISLATIVE AGENDA (ELA) OF THE PROVINCE OF DAVAO DEL NORTE FOR CALENDAR YEAR 2022-2025 TO THE SANGGUNIANG PANLALAWIGAN FOR APPROPRIATE ACTION

WHEREAS, the Executive-Legislative Agenda (ELA) is a unifying document corresponding to the term of local elective officials that is developed and mutually agreed upon by both the executive and legislative departments of a local government unit;

WHEREAS, the ELA of the Province of Davao del Norte for CY 2022-2025 was formulated through a transparent and participatory process guided by the Department of the Interior and Local Government through Republic Act 9160 also known as the Local Government Code the Rationalized Local Planning System (2008);

WHEREAS, the ELA of the Province of Davao del Norte for CY 2022-2025 highlights the platform of governance of the current administration with supporting legislative agenda that will be carried out within CY 2022-2025, supports the existing LGU planning processes and adds greater value to the existing local development plans;

WHEREAS, the ELA of the Province of Davao del Norte for CY 2022-2025 is based on the Provincial Development and Physical Framework Plan and aligned with the National Government's priorities taking into consideration the mandated full decentralization and devolution;

WHEREAS, after thorough deliberation, the Council confirms that the Executive-Legislative Agenda of the Province of Davao del Norte 2022-2025 represents the converging priorities of both the executive and legislative departments and embodies the collective aspirations of the province and its constituents;

WHEREFORE BE IT RESOLVED, by the Provincial Development Council convened to approve and endorse the Executive-Legislative Agenda CY 2022-2025 to the Sangguniang Panlalawigan for their consideration and appropriate action;

RESOLVED FURTHER, that copies of this resolution be forwarded to the Sangguniang Panlalawigan and copy furnished to the Honorable Edwin I. Jubahib, Provincial Governor, the Department of the Interior and Local Government and the Provincial Planning and Development Office (PPDO), for their information and guidance.

CARRIED UNANIMOUSLY.

RESOLUTION NO. 660

ADOPTING THE EXECUTIVE-LEGISLATIVE AGENDA (ELA) FOR CALENDAR YEAR (CY) 2022-2025 OF THE PROVINCE OF DAVAO DEL NORTE

WHEREAS, a letter dated October 12, 2022 of Honorable Edwin I. Jubahib, Governor, this Province, duly received by the Office of the Secretary to the Sangguniang Panlalawigan on October 17, 2022, urgently requesting this August Body, Provincial Development Council (PDC) Resolution No. 08, Series of 2022, a resolution adopting the Executive-Legislative Agenda (ELA) for Calendar Year (CY) 2022-2025 of the Province of Davao del Norte, was presented for appropriate legislative action;

WHEREAS, Section 106 of the Local Government Code of 1991 mandates each local government unit to prepare a comprehensive multi-sectoral development plan to be initiated by its Local Development Council and approved by its Sanggunian;

WHEREAS, the Provincial Government of Davao del Norte crafted its Executive-Legislative Agenda (ELA), a unifying document covering a three (3)-year period corresponding to the term of its local elective officials that

**S

is mutually developed and agreed upon by both the executive and legislative departments of the Local Government Unit (LGU);

WHEREAS, the ELA of the Province of Davao del Norte is an integrated plan that contains the major development thrusts and priorities of both the executive and legislative departments towards a common vision for the province which highlights the platform of governance of the current administration with supporting legislative agenda for Calendar Year 2022-2025 and supports the existing LGU planning processes and adds greater value to the existing local government plans;

WHEREAS, the Executive-Legislative Agenda covering the Calendar Year (CY) 2022-2025 of this Province was formulated through a transparent and participatory process guided by the Department of the Interior and Local Government (DILG), through Republic Act No. 7160 otherwise known as the Local Government Code of 1991 and the Rationalized Local Planning System (2008);

WHEREAS, the ELA was based on the Provincial Development and Physical Framework Plan which aligned with the National Government's priorities taking into consideration the mandated full decentralization and devolution;

WHEREAS, in view of its urgency and exigency the August Body deemed it appropriate to give its full support to the ELA CY 2022-2025, as it represents the converging priorities of both the executive and legislative departments and embodies the collective aspirations of the Province and its constituents;

WHEREFORE, BE IT RESOLVED, by the Sangguniang Panlalawigan in Session Assembled to adopt, as it is hereby adopted, the Executive-Legislative Agenda (ELA) for Calendar Year (CY) 2022-2025 of the Province of Davao del Norte, as follows:

CERTIFIED COPY:

 FREDDIE P. RAMOS, JR.
 Local Legislative Staff Officer III
 NOV 08 2022

ACKNOWLEDGEMENT

The Provincial Government of Davao del Norte in coordination with the Provincial Office of the Department of Interior and Local Government expresses its utmost gratitude to all who have extended their support and cooperation in formulating the Executive Legislative Agenda (ELA) for CY 2022-2025.

Profound appreciation is also given to the Sangguniang Panlalawigan Members for their undying support and adoption of the ELA. To the heads of Provincial Offices who have helped in polishing the document and to the technical staff who consolidated the data for finalization of this document, heartfelt thanks to all of you.

Above all, we give honor and gratitude to Our God Almighty for the strength, wisdom, and knowledge.
